

ACTION: KGHS GRANTS

Recommendation

- That the Kentucky Environmental Education Council provide \$20,000 in grants to participants in the Kentucky Green and Healthy Schools program through the end of Fiscal Year 2022

Rationale

SCOPE OF SERVICES

Services Required

The Second Party shall receive financial assistance to support an environmental service-learning project in one of the eight student project categories (Energy, Green Spaces, Hazardous, Chemicals, Health & Safety, Indoor Air Quality, Instructional Leadership, Solid Waste, Transportation, and Water Quality) through the Kentucky Green and Healthy Schools program.

The facilitating teacher(s) and administrator(s) will complete the pledge form and teacher project form from the Instructional Leadership Category.

Reporting Requirements

The Second Party shall submit the Student Project Form at the conclusion of the project, along with a final budget report.

The Student Project Form shall include the Statewide Student Identification (SSID) number of all students who participated in the project.

The final budget report shall list all expenses incurred and all match provided through the project.

Payment Requirements

The Second Party shall submit an invoice with accompanying receipts

No purchases will be allowed after June 30th 2022

Include budget submitted by school

Individual items may be purchased for a different amount than in the grant budget, but the total amount of purchases cannot exceed \$1000, and schools have to get approval for purchasing any items not in the original budget.

PRICING

Up to \$1000 (or less, if school's budget is less)

20 schools funded for a total of up to \$20,000 by the end of the 2020-2022 biennium.
